

We are glad you chose Slushie Spot for your Frozen Drink Machine Rental. We are here to serve you to be sure your party or event is a huge success. In addition to machine rentals we offer a wide variety of frozen drink concentrates from our 100% juice options to our popular adult bar mixes. Please feel free to ask us about different flavor options.

In this guide you will find operational instruction for both our double bowl (Bunn Ultra II) and our single bowl (Faby 1) frozen drink machines. **It is important that whenever you have product in the machine you keep your augers turning and in the on position.** Failure to do so may result in damage to the machine. Depending on the temperature of your starting liquid, and whether you are indoors or outdoors, your initial freezing time could vary. For outdoor parties and events we recommend you give at least 90-120 minutes depending on the temperature. If your starting liquid is already cold the process will go faster. It is also important to note on the double machine the right side will freeze faster than the left. This is normal and you can expect this. If you have any questions or need any assistance please contact Rob at 770-861-7298.

With your rental you will receive mixing jugs, power cord, and this Information Guide. Please be sure that all of these items are returned with your machine at the scheduled pickup time. If any of these items are lost or damaged during your use you will be charged the following replacement costs.

- Power Cord: \$15
- Mixing Jugs: \$10 each
- Information Guide: \$15

To prepare your machine for pickup please run warm water through the hoppers a few times to get any remaining drink mix out. Wipe down the exterior with a warm wet cloth and wash out your drip tray. You do not need to take apart the machine. We will do a thorough cleaning when we get it back.

CAUTION: Machines are heavy; we do not recommend moving once we deliver them. If you do need to move be sure to move with 2 people and always place on secure table or cart. You are responsible for any damage to the machine as a result of moving and or falls.

Thank you for choosing Slushie Spot!
